Disparities by Race
Morbidity Rate of Cancer by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Cancer by Race in Chatham County

Rates are per 100,000 population
ER Visits of Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Alzheimer's Disease by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Alzheimer's Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Alzheimer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Asthma by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Asthma by Race in Chatham County

Rates are per 100,000 population
ER Visit of Asthma by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Breast Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Breast Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Bronchitis by Race in Chatham County

Rates are per 100,000 population
ER Visit of Bronchitis by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate for Diabetes by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate for Diabetes by Race in Chatham County

Rates are per 100,000 population
ER Visit of Diabetes by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Emphysema by Race in Chatham

Rates are per 100,000 population
Mortality Rate of Emphysema by Race in Chatham County

Rates are per 100,000 population
ER Visit of Emphysema by Race in Chatham County

Rates are per 100,000 population
Morbidity of Flu by Race in Chatham County

Rates are per 100,000 population
Morbidity of Flu by Race in Chatham County

Rates are per 100,000 population
ER Visit of Flu by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of High Blood Pressure by Race in Chatham County

Rates are per 100,000 population
Mortality Rates of High Blood Pressure by Race in Chatham County

Rates are per 100,000 population
ER Visit of High Blood Pressure by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of HIV by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of HIV by Race in Chatham County

Rates are per 100,000 population
ER Visit by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate for Hypertensive Heart Disease by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate for Hypertensive Heart Disease by Race in Chatham County

Rates are per 100,000 population
Mortality Rate by Hypertensive Heart Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Hypertensive Heart Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Hypertensive Heart Disease by Race in Chatham County

Rates are per 100,000 population
Morbidity of Leukemia by Race

Rates are per 100,000 population
Mortality of Leukemia by Race

Rates are per 100,000 population
ER Visits of Leukemia by Race

Rates are per 100,000 population
Morbidity of Leukemia by Race

Rates are per 100,000 population
Mortality of Leukemia by Race

Rates are per 100,000 population
ER Visits of Leukemia by Race

Rates are per 100,000 population
Mortality Rate of Lung Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Lung Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate for Major Cardiovascular Disease by Race in Chatham County

Rates are per 100,000 population
Mortality Rate for Major Cardiovascular Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit for Major Cardiovascular Disease by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Obstructive Heart Disease by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Obstructive Heart Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Obstructive Heart Disease by Race in Chatham County

Rates are per 100,000 population
Morbidity of Pancreatic Cancer by Race in Chatham County

Rates are per 100,000 population
Mortality of Pancreatic Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Parkinson’s Disease by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Parkinson’s Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Parkinson by Race in Chatham County

Rates are per 100,000 population
Morbidity of Pneumonia by Race in Chatham County

Rates are per 100,000 population
Morbidity of Pneumonia by Race in Chatham County

Rates are per 100,000 population
ER Visit of Pneumonia by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Prostate Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Prostate Cancer by Race in Chatham County

Rates are per 100,000 population
Morbidity of Respiratory Diseases by Race in Chatham County

Rates are per 100,000 population
Mortality Rate of Septicemia by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Septicemia by Race in Chatham County

Rates are per 100,000 population
ER Visit Septicemia by Race in Chatham County

Rates are per 100,000 population
Morbidity Rate of Stoke by Race in Chatham County

Rates are per 100,000 population
Mortality Rate by Stroke by Race in Chatham County

Rates are per 100,000 population
ER Visit of Stroke Disease by Race in Chatham County

Rates are per 100,000 population
ER Visit of Respiratory Disease by Race in Chatham County

Rates are per 100,000 population
